COURSE LEVELS

Upon arrival, all students (except absolute beginners) will take a written or oral test to determine at what level they should begin their studies. This placement test normally takes between 15 and 30 minutes to complete.

It is possible, though not common, that the results of the placement tests lead to cases of only one or two students at a particular level. In these cases the school reserves the right to continue the instruction as private or semi-private lesson with a reduction in the number of classroom hours. These situations are to be considered an upgrade to the program, at no extra cost.

CLASS HOURS AND SCHEDULES

Throughout our brochures and website we refer to numbers of "lessons". All lessons last a minimum of 50 minutes. Classes are scheduled either in the morning or the afternoon. Capital Mandarin School CANNOT guarantee specific scheduling requests. Scheduling is set by each school and may be affected by the program selected, the scheduling of classes after placement tests, number of students enrolled in the school, etc.

ORGANIZED SOCIAL ACTIVITIES

Many schools offer additional (optional) activities, beyond what is included in the program price, which may need to be paid for on-site. Transportation for activities is usually included, however, some locations require students to purchase local transport passes / tickets on-site.
